***Responsive Scripture Reading: Matthew 17:19-20 (KJV)**

PASTOR: Then came the disciples to Jesus apart, and said, Why
could not we cast him out? And Jesus said unto them,
Because of your unbelief:
PEOPLE: for verily I say unto you, If ye have faith as a grain of
mustard seed, ye shall say unto this mountain, Remove
hence to yonder place;
UNISON: and it shall remove: and nothing shall be impossible unto
you.

Call To Discipleship, Consecration and Commitment

someone to Christ. Please remain in the sanctuary at this time. Thank you!*

KEEP YOUR HANDS CLEAN

Wet your hands with clean running water and then lather them with soap; don't miss the backs your hands, between your fingers or under your nails. Wash before cooking or eating, after using the bathroom and after blowing your nose, coughing or sneezing. Avoid touching your eyes, nose or mouth. Alcohol-based hand sanitizers, which should be rubbed in for about 20 seconds, can also work, but the gel must contain at least 60 percent alcohol.

CLEAN FREQUENTLY

Clean touched surfaces and objects daily (e.g., tables, countertops, light switches, doorknobs, and cabinet handles) using regular household detergent and water.

IF YOU ARE SICK STAY HOME

Coronavirus starts deep in the lungs, and the most common signs are fever and dry cough, followed by fatigue and shortness of breath. Most cases do not start with a runny nose. If you have any of these symptoms, please make every effort to remain at home.

Flu shares many of the symptoms of the common cold, symptoms of the flu are typically more severe and come on quicker. Early signs of the flu include fatigue, sudden fever (usually above 100°F [38°C]), scratchy or sore throat, cough, chills, muscle or body aches, runny nose. Eat healthy and drink plenty of fluids

STOCK UP ON HOME SUPPLIES, and MEDICINE

Experts suggest stocking at least a 30-day supply of any needed prescriptions, and you should consider doing the same for household items like food staples, laundry detergent, and diapers if you have small children.

WHO IS AT HIGH RISK?

Older adults and people who have a serious chronic medical condition like, heart, diabetes and lung diseases.

KEEP YOUR DISTANCE FROM SICK PEOPLE

If someone else is showing flu or cold-like symptoms, try to stay six feet away.
